Thank you for choosing Nova Scotia!

Read this guide carefully to find out how you can apply to the Nova Scotia Nominee Program: IGE stream.

The IGE stream is right for you if you meet these 3 criteria:

- You graduated from a 2-year program at a Nova Scotia university or Nova Scotia Community College (NSCC).
- You worked for at least one year in a Nova Scotia business that you either started or bought.
- You plan to settle in Nova Scotia **and** continue to take part in the day-to-day operation of your business.

If you are approved through the IGE stream, you, your spouse, and your dependents may apply to the Government of Canada for permanent residence.

Note: For the purposes of this guide, the word “spouse” refers to the following:

- someone to whom you are legally married and have a marriage certificate
- a common-law partner of at least one year

The word “dependent” refers to the following:

- spouse
- children who are less than 22 years old **and** do **not** have a spouse
- sons and daughters who are older than 22 **and** cannot support themselves because of a physical or mental condition

The word “children” applies to biological children and adopted children.

Important! You must operate a business in Nova Scotia on a valid post-graduation work permit for at least one full year before you can apply to the IGE stream.

This stream is part of an economic immigration program. You may **not** use it to immigrate to Canada for any of these reasons:

- to reunite family members
- humanitarian or compassionate reasons
- as a Protected Person

What you need to know **before** you apply

We choose applicants based on 4 things.

- a points system. See *Points Grid* in this guide for how we award points.
- the number of applications we receive
- the needs of our labour market
- the quality of your application

The application has 4 steps and involves 2 levels of government, provincial and federal. These steps are described in *How to apply* in this guide.

There are 2 categories within the IGE stream:

- starting a new business
- buying an existing business

Note: You must buy at least one-third (1/3) of an existing business. The same owner must have run the business for all of the previous 5 years. You get points for buying a business.

Starting a new business

When you start your business, you must employ at least one person in a permanent full-time position **or** part-time employees whose work hours add up to full time. Your employees must do work that is directly related to your business and different from the work that you do.

Permanent means the employee works all year. The job is **not** seasonal.

Full time means that your employee's work hours add up to at least 1,560 hours. One employee can work all these hours **or** part-time employees may share these hours.

Your employees must meet these 3 criteria:

- They are Canadian citizens or permanent residents.
- They are not related to you.
- They are working at your business when you apply to the IGE stream.

You must pay your employees a wage that is similar to that paid to other employees in the same field and the same area as your business. For a list of jobs and their wages, see [Job Bank on the Government of Canada website](#).

Buying an existing business

You and the business you are buying must meet these 3 criteria:

- The same owner must have run the business continuously for the 5 years just before you bought it.
- You must show that you and the previous business owner agree on a fair market value for the business.
- You must offer your new employees similar wages and employment conditions as was paid to the current staff by the previous owner.

You may need a licence or permit to operate your business

To find out which licences and permits you need, see [What Licences and Permits might I need?](#)

Costs

The Province does not charge fees for your application. However, you will have to pay the following costs and fees:

- fees charged by a representative should you choose to hire one
- fees to obtain required credentials
- translation costs if your required documents are in neither English nor French
- fees charged for English or French language testing
- fees for preparing the Review Engagement and Special Purpose report

There is a fee for the federal portion of the application. For current fees, see the [fee list on the IRCC website](#).

You are responsible for your application

It is up to you to provide **all** the documents we ask for. This includes those that you get from your spouse, other family members, or other people. You must also ensure that **all** documents are valid when you send us your application for this stream **and** when you apply for permanent residence. If you are missing documents or any document is invalid, we will close your file. See [Gather the documents you need](#) in this guide.

Important! You must tell us about any changes **before** you receive confirmation of permanent residence. These are some examples of changes you must tell us about:

- a change in marital status for example, you got married or divorced
- changes to your family, for example, you had a baby or adopted a child
- a change in where you live
- changes to your contact information

You may use a representative

There are 2 kinds of representatives: paid and unpaid. Both can help you to complete your application. When you appoint a representative, you do 2 things:

- You authorize us to share information about your application with them.
- You authorize them to act on your behalf.

Unpaid representatives

As the name suggests, unpaid representatives do not charge for their services. Your representative could be a family member, a friend, or someone else.

Paid representatives

Paid representatives charge a fee for their services. If you are using a paid immigration representative, they must be authorized. Authorized representatives must be **one** of the following:

- An immigration consultant who is a member in good standing with the College of Immigration and Citizenship Consultants (CICC). Visit the [CICC website](#).
- A lawyer or paralegal who is a member in good standing of a Canadian law society, barristers' society, or *barreau*, or a law student under the supervision of a recognized lawyer. Visit the [Federation of Law Societies of Canada website](#) for links to law societies across Canada.
- A notary public who is a member in good standing of the *Chambre des notaires du Québec* or a law student under their supervision. Visit the [Chambre website](#).

You don't need to use a representative to complete your application. If you choose to use a representative – paid or unpaid – they must complete an [NSNP 50 – Use of a Representative form](#). You must send this with your application.

Warning! We strongly recommend that if you choose to hire a representative, you choose one from the categories listed above. We do **not** deal with unauthorized representatives. Also, if your representative is **not** authorized, you may **not** be able to hold them accountable if they make an error or give you bad advice.

Misrepresentation disqualifies you for 5 years

What is misrepresentation? Misrepresentation happens when you or someone else involved in your application does one of these things:

- gives false information about your qualifications for the stream
- leaves out information we need to assess your application

The people involved in your application include you, your business partners, your spouse and your dependents, and an immigration representative if you choose to use one.

Important! If we refuse your application on the basis of misrepresentation, you will **not** be allowed to apply to any immigration stream for 5 years.

There are no guarantees

Qualifying for the stream and sending us the application do **not** guarantee that we will process and assess your application.

These are some of the criteria we use to decide if we will process your application:

- the needs of our labour market
- the number of applications we receive
- the quality of the application

We cannot guarantee that you will receive a work permit or permanent residence. IRCC has its own application process. They are the only ones who can issue these documents. Labour, Skills and Immigration (LSI) does **not** grant work permits or permanent residence.

Responsibilities of LSI

- assess Expressions of Interest (EOI)
- issue Invitations to Apply (ITA)
- assess IGE stream applications
- interview applicants
- issue nomination certificates

Responsibilities of IRCC

- assess applications for work permits
- issue work permits
- assess applications for permanent residence
- grant permanent resident status

Important! The letters of support and nomination certificate that we give you do **not** guarantee that IRCC will grant you a work permit or permanent residence.

Criteria may change; streams may close

From time to time, we may stop accepting applications for a particular stream. We call this “closing” or “suspending” the stream. If we close or suspend the IGE stream before we review your application, we may **not** consider it even if you sent it to us before we closed the stream.

There may be a delay between the time we get your application and when we can process it. During that time, criteria or forms may change. We will assess your application based on the criteria in place at that time. Check our [immigration website](#) regularly to stay up-to-date with all changes.

Decisions are final; there are no appeals

If we decide to close your file, our decision is final. There is no appeal process.

We may withdraw your nomination

We may withdraw your nomination at any time before you receive confirmation of permanent residence and before you arrive in Canada. We may do so for any of these reasons:

- You no longer meet our requirements for the IGE stream.
- The Government of Canada has advised us that some information in your application for permanent residence is false.
- IRCC finds that you, your spouse, or a dependent is not allowed to immigrate to Canada.

You may withdraw your application

You may withdraw your application without penalty at any time before you receive your nomination certificate.

You may **not** withdraw your application without penalty if we know or suspect that you have done one or both of these things:

- You failed to tell the truth in any part of your application.
- You left out important information in any part of your application.

How to apply

There are 4 steps to complete before you receive permanent residence. Each of these steps is described in this section. Completing a step does **not** guarantee that you will move on to the next step. You must complete each of these steps successfully to receive permanent residence:

1. Complete the Expression of Interest (EOI) online.
2. Apply to the Nova Scotia Nominee Program: IGE stream.
3. Take part in an interview with our staff.
4. Apply for permanent residence.

Step 1: Expression of Interest (EOI)

Preparing for and completing the Expression of Interest form

Do these things **before** you fill out the online Expression of Interest (EOI) form.

- Read the information on our website about the IGE stream.
- Read this guide carefully from start to finish.
- Review the table under the heading *Is the IGE stream right for you?* in this guide. This section tells you if you and your business qualify for this stream.
- Review the *Points Grid* in this guide. This section tells you how many points you will score.
- Make sure you understand all the information you read and review.

Important! You must complete the EOI form in one sitting. You cannot save it to continue later.

When you are ready, complete the EOI form online.

Make sure that all answers on your EOI are true and complete. We will close your file if we find one or both of the following:

- information that is not true
- you left out important information

Important! Completing the EOI form does **not** guarantee that you will go on to the next step. We will **not** contact you unless we choose you to go on to the next step.

How we choose who makes it to the next step

Our system calculates your score based on the information you gave us in your EOI form. We choose those with the highest scores first.

We keep your EOI on file for one year

We keep your EOI for one year from the date we received it. If you have **not** been chosen in that time, and you still want to immigrate through the IGE stream, you can complete a new EOI form.

If you earn more points during the year following your EOI submission, you can complete a new EOI.

We send you an Invitation to Apply

If we choose you to go on to the next step, we will send you an Invitation to Apply to the Nova Scotia Nominee Program: IGE stream. Your EOI will be part of your application.

You must tell us if any of the information you included in your EOI has changed. If we find that information in your EOI is no longer true, and you did **not** tell us, we will close your file.

Important! Getting an Invitation to Apply does **not** guarantee that we will nominate you for permanent residence.

Step 2: Apply to the Nova Scotia Nominee Program: IGE stream

Once you get your Invitation to Apply from us, you will send us your application in stages. You must give us the information we ask for by the deadlines we set. If you miss a deadline, we will close your file. If you still want to apply to the IGE stream, you will have to start again.

Within **20 calendar days** of receiving your Invitation to Apply

- Choose a Financial Statement Review Service Provider from [the list on our website](#).
- Tell us who you have chosen as your Financial Statement Review Service Provider.

Within **90 calendar days** of receiving your Invitation to Apply

Complete the eNSNP 100 form online and send us the following documents:

- your completed [NSNP 500 form](#)
- all supporting documents. See [Gather the documents you need](#) in this guide. You must include **all** your dependents in your application even if some will **not** immigrate with you.
- your [Review Engagement and Special Purpose Report](#) in this guide.

Application assessment

We assess your application under the following conditions:

- We have **not** already reached the limit of the number of applications we can assess.
- Your application is complete.
- You and your business meet all the requirements for the IGE stream.

Once your application passes this initial assessment, we will do a more in-depth assessment of all the forms and documents you sent to us. We will look for 4 things:

- that the information you sent to us is true
- that you have included **all** the information we asked for
- that you and your business meet all the requirements for the IGE stream
- the number of points to award your application based on the *Points Grid* in this guide

Warning! If we find that you or your business do **not** meet our requirements for the IGE stream, we will close your file. You may complete a new EOI once you meet the criteria.

We cannot tell you how long it will take to assess your application.

This depends on 2 things:

- the time it takes to verify the information in the different documents you sent us
- the number of applications we receive

Warning! We will close your file if we find that you or someone who helped you with your application has done one of these 2 things:

- given false information about your qualifications for the stream
- left out information we need to assess your application

If we close your file for these reasons, you will **not** be allowed to complete an EOI or apply to any immigration stream for the next 5 years. This decision is final. There is no appeal.

Step 3: Interview

If we find that you and your business meet all the requirements for the IGE stream, we will contact you for an interview and visit to your business. We usually interview you within 15 business days of contacting you.

Warning! If you do **not** take part in the interview within the time we have given you, we will close your file.

If you do **not** pass the interview, we will close your file. This decision is final. There is no appeal.

If you pass the interview, we will recommend you for nomination.

Please do **not** call us to ask if you will be nominated or not. We will send you a letter telling you our decision. If we nominate you, we will send you a nomination certificate.

Step 4: Apply for permanent residence

Before you apply for permanent residence, make sure the following statements are true:

- You continue to have legal status in Canada.
- You have a work permit that will remain valid while IRCC processes your application.

If you need a letter of support for a work permit, you must ask us for this at least **90 calendar days** before your current work permit expires.

You must apply to IRCC for permanent residence no more than **12 months** after you got your nomination certificate and you must pay the fees. Find out how to apply on the [IRCC website](#).

If you miss this deadline, we may send you a one-time extension of your nomination. This will give you more time to apply for permanent residence. There is no guarantee that we will do this. We do it on a case-by-case basis.

IRCC assesses your application

IRCC will assess your application. Their assessment includes any risk you may pose to Canada or Canadians. This includes risks to our safety, security, or to our healthcare system.

If you pass IRCC's assessment, they will send confirmation of permanent residence to you, your spouse, and your dependents. You must tell us about this no later than **30 business days** after the fact.

Our role in the process

The decision to grant permanent residence is IRCC's alone. We do **not** play any part in this decision.

However, we can withdraw your nomination **before** you get confirmation of permanent residence if one of the following statements is true:

- IRCC has told us that some of the information given when you applied for permanent residence is false or fraudulent.
- IRCC has told us that you, your spouse, or a dependent cannot immigrate to Canada for health, safety, or security reasons.
- IRCC has told us that you, your spouse, or a dependent has an invalid passport.

Important! You must tell us about any changes **even after** you receive confirmation of permanent residence. These are some examples of changes you must tell us about:

- a change in marital status, for example, you got married or divorced
- changes to your family, for example, you had a baby or adopted a child
- a change in where you live
- changes to your contact information

Document checklist

The following are the documents you need to include with your application to the Nova Scotia Nominee Program: IGE Stream. You complete this application only **after** you have received an Invitation to Apply from us. Check your documents against the list below. Be sure that you have all the documents we asked for in this guide. We may ask you for more information if we need it. We may also ask to interview you.
